**Parking Outside of School**

Dear Parents/Guardian,

Assalaamu Alaikum / Peace be with you

Following a serious incident involving a member of the public towards school staff all parents are reminded not to park in the middle of Blackhorse Lane to drop off their child to school.

Please ensure your child is dropped off on a side road or at least 200m from the school. Please ensure that you do not enter into any arguments with members of the public.

As a Muslim school we are responsible for role modelling good relationships with the community. There are a minority of parents who are arguing with the general public. This behaviour is unacceptable and undermines our Islamic values.

Wassalamu 'alaikum
