Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
School name	Eden Girls' School, Waltham Forest
Number of pupils in school	620 students
Proportion (%) of pupil premium eligible pupils	201 students (32.42%)
Academic years that our current pupil premium strategy plan	2022-2023
covers	2023-2024
	2024-2025
Date this statement was published	October 2023
Date on which it will be reviewed	February 2024
Statement authorised by	Ms Aamena Mayet (Principal)
Pupil premium lead	Ms Rijia Rafiq
	(Vice Principal)
Governor / Trustee lead	Ms Aysha Esakji
	(Chair of Governors)

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£240,120
Recovery premium funding allocation this academic year	£64,032
Pupil premium funding carried forward from previous years £0 (enter £0 if not applicable)	
Total budget for this academic year	£304,152

Part A: Pupil premium strategy plan

Statement of intent

Using the Pupil Premium funds, the school aims to:

- Maximise the % of students from disadvantaged backgrounds who achieve a 'strong pass' or at least a 'standard pass' in English and Maths. Nationally, only around a third of such students achieve a 'standard pass' and around a quarter achieve a 'strong pass' at GCSE in both English and Maths.
- Maximise the % of students from disadvantaged backgrounds who participate fully in the subjects needed for the English Baccalaureate and who go on to achieve the English Baccalaureate. Nationally, only around 10% of such students achieve the English Baccalaureate.

The school's spending decisions on the Pupil Premium Funding are intended to:

- Enable parents to have a Pupil Premium Guarantee which allows all disadvantaged students to receive:
 - Free books, stationery, revision resources.
 - o Free/Subsidised educational visits and trips.
 - A free breakfast.
 - £100 towards the cost of uniform.
 - o Free access to all intervention and enrichment activities.
- Enable disadvantaged students to 'close the gap' in their performance in English and Maths through:
 - Small group intervention, delivered by teachers.
 - o Smaller class sizes, through additional teachers in English and Maths.
 - o Support in lessons, through the deployment of support staff in English and Maths.
 - Regular performance review meetings with parents if their daughter is underperforming.
- Raise aspirations and ambition in disadvantaged students through:
 - Access to careers' marketing event, guidance and mentors.
 - Mentoring and nurturing via senior leaders and peer mentors.
 - In class career guidance related to specific subjects

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Learning missed due to disruption caused by COVID-19
2	Affordability of learning materials, resources and access to activities. 54% of students come from areas which are within the bottom 30% nationally for deprivation based on the IDACI ranking system.
3	Lower levels of literacy and numeracy upon entry to school.
	The following baselines are used when considering the impact of our Pupil Premium Strategy.
	Low Level Reading skills on entry
	A KS2 Scaled Reading score below 100 indicates literacy skills below that expected for children of that age. At Eden, when considering disadvantaged students, the following students fall into this category.
	14% of disadvantaged pupils in Y7
	8% of disadvantaged pupils in Y8
	35% of disadvantaged pupils in Y9
	25% of disadvantaged pupils in Y10
	26% of disadvantaged pupils in Y11
	Low Level Mathematics skills on entry
	A KS2 Scaled Maths score below 100 indicates numeracy skills below that expected for children of that age. At Eden, when considering disadvantaged students, the following students fall into this category.
	17% of disadvantaged pupils in Y7
	8% of disadvantaged pupils in Y8
	 40% of disadvantaged pupils in Y9
	 50% of disadvantaged pupils in Y10
	25% of disadvantaged pupils in Y11
4	Lower levels of aspirations in determining future plans for learning and career. This is evident from our conversations and surveys of pupil and families.
5	Our assessments (including wellbeing survey), observations and discussions with pupils and families have identified social and emotional issues for many pupils, such as anxiety, depression (diagnosed by medical professionals) and low self-esteem. This is partly driven by concern about catching up lost learning between 2020 and 2023 due to the pandemic and possible impact on exams and career prospects. These challenges particularly affect disadvantaged pupils.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
 Maximise the % of students from disadvantaged backgrounds who achieve a 'strong pass' or at least a 'standard pass' in English and Maths. Nationally, only around a third of such students achieve a 'standard pass' and around a quarter achieve a 'strong pass' at GCSE in both English and Maths. 	 70% of disadvantaged students achieve Grade 5 in both English and Maths. Disadvantaged students' performance at Grade 9-5 and Grade 9-4 in English and Maths parallels non-disadvantaged students at the school.
 Maximise the % of students from disadvantaged backgrounds who participate fully in the subjects needed for the English Baccalaureate and who go on to achieve the English Baccalaureate. Nationally, fewer than 10% of such students achieve the English Baccalaureate. 	 Disadvantaged students achieve an average grade of 5.5 in the English Baccalaureate. Disadvantaged students' entry into E-Bacc and performance at E-Bacc parallels non-disadvantaged students at the school.
Maximise the % of students from disadvantaged backgrounds moving on to apprenticeships or further education at the end of Year 11.	 Over 95% of disadvantaged students go on to further study after Year 11. Disadvantaged students' post-16 pathways parallels those of non-disadvantaged students at the school.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Our strategy is based on evidence from research by organisations such as the Education Endowment Foundation (EEF). This includes key principles such as:

- Considering a tiered approach to Pupil Premium spending can help schools balance approaches to improving teaching, targeted academic support, and wider strategies.
- Focusing on a small number of priorities each year in areas that are likely to make the biggest difference, with a focus on effective implementation.
- Selecting approaches on the basis of strong external evidence.

The school adopted the four steps to an effective Pupil Premium Strategy, recommended by the EEF.

- 1. Diagnosing Pupils' Needs.
- 2. Using strong evidence to support the strategy.
- 3. Implementing the strategy focusing considerably on execution
- 4. Monitoring and evaluating the strategy

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £189,500

Activity	Evidence that supports this approach Cl	
Extra English teacher	Additional English teacher provides smaller class sizes and promotes higher quality monitoring of all learners, not just the disadvantaged. EEF guide to the Pupil Premium states that spending on high quality teaching 'should rightly be a top priority for pupil premium spending'.	3
Extra Maths teacher	Additional Maths teacher provides smaller class sizes and promotes higher quality monitoring of all learners, not just the disadvantaged. EEF guide to the Pupil Premium states that spending on high quality teaching 'should rightly be a top priority for pupil premium spending'.	3
Teaching and Learning Assistants – English & Maths	Additional teaching and learning assistants provide disadvantaged students with learning difficulties targeted support in accessing and adapting the curriculum. They also enhance one-to-one and small group targeted tuition for learners to close well defined curriculum gaps. This is supported by the EEF Pupil Premium Guide because 'linking structured small group interventions to classroom teaching and the curriculum, is likely to be an essential ingredient of an effective pupil premium strategy'. Evidence is good for TAs providing targeted intervention: Teaching Assistant Interventions EEF	3
Enhancement of our maths teaching and curriculum planning in	The DfE non-statutory KS3 guidance has been produced in conjunction with the National Centre for Excellence in the Teaching of Mathematics,	3

line with DfE KS3 and EEF guidance.	drawing on evidence-based approaches and the recent Ofsted subject review in Maths:	
	Teaching mathematics at key stage 3 - GOV.UK	
	Research review series: mathematics - GOV.UK	
	To teach maths well, teachers need to assess pupils' prior knowledge and understanding effectively, employ manipulatives and representations, teach problem solving strategies, and help pupils to develop more complex mental models: Improving Mathematics in Key Stages 2 and 3 EEF	
Enhancement of our English teaching and curriculum planning in line with DfE KS3 and EEF guidance. Improving literacy in all subject areas in line with recommendations in the EEF Improving Literacy in Secondary Schools guidance. We will fund professional	The DfE non-statutory KS3 guidance has been produced in conjunction with the National Curriculum and the Ofsted subject review for English, published in June 2022. Research review series: English - GOV.UK In addition, acquiring disciplinary literacy is key for students as they learn new, more complex concepts in each subject (something attested to by the EEF): Improving Literacy in Secondary Schools	3
development and instructional coaching focussed on each teacher's subject area.		

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £60,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Intervention resources	High quality resources and materials, linked to specific curriculum areas, are crucial to securing effective intervention provision.	2
	This is supported by the EEF Pupil Premium Guide because 'linking structured small group interventions to classroom teaching and the curriculum,	

	is likely to be an essential ingredient of an effective pupil premium strategy'	
Saturday, After School Tuition and Holiday intervention	Saturday, after school and holiday sessions provide small group and one-to-one tuition — delivered by curriculum specialists who know the subject and the students being targeted. This is supported by the EEF Pupil Premium Guide because 'linking structured small group interventions to classroom teaching and the curriculum, is likely to be an essential ingredient of an effective pupil premium strategy'. In particular, reading comprehension strategies can have a positive impact on pupils' ability to understand a text, and this is particularly the case when interventions are delivered over a shorter timespan: Reading comprehension strategies EEF The tuition would also take into account the EEF toolkit. One to one tuition EEF and Small group tuition EEF which include effective approaches to implementing tuition.	1, 3
Reading Tests, Reading Wise Intervention and Read Aloud as part of our 'Promoting a World-Class Book Culture' strategy, particularly for disadvantaged students.	Reading comprehension, vocabulary and other literacy skills are heavily linked with attainment in maths and English: word-gap.pdf (oup.com.cn) From birth to 48 months, professional parents use around 30 million more words. Gap forms: 'Beginner's paradox': without enough words, cannot learn related words. Gap increases: fluent reader at 10 encounters 1 million words a year. Gap compounded: breadth increases but reading & vocabulary teaching drops. As part of this, the school will enhance reading (reading tests, Reading Wise intervention and 'read Aloud' programme. EEF Teaching and Learning Toolkit suggests that evidence of these	2, 3

strategies is strong - Reading comprehension strategies EEF	
DfE study:ReadingWise increased reading ages by 10 months in one term.	
 For reluctant and less able learners, listening to a proficient reader helps accelerate the acquisition of vocabulary than silent reading. 	

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £54,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Pupil Premium Guarantee – payment of £100 to Pupil Premium families to reduce barriers to learning, providing free	EEF guide to Pupil Premium relates 'non-academic challenges' to success in school – including attendance, behaviour and social and emotional support. With the impact of COVID-19, it is vital that the school removes any financial, social and emotional barriers to learning.	2, 4, 5
transport and free access to enrichment activities (such as trips) as well as resources relating to the curriculum.	Regular mentoring of key students will have an impact on improving attitudes towards learning and achievement, particularly with disadvantaged students. Research by Newcastle University on poverty proofing the school day will also support our strategy. Poverty Proofing the School Day:	
Performance Review Meetings	Evaluation and development report. (ncl.ac.uk) It confirms that there is evidence of increased	4, 5
SLT Mentoring	attendance and attainment of disadvantaged pupils as a result of removing barriers to learning and	4, 5
Access to a counsellor	poverty proofing the school day.	5
Staff trained as Mental Health First Aiders	Whilst there is insufficient evidence relating to activities that raise ambition, there is some evidence of impact of mentoring. Mentoring EEF	5
Star Map Review Meetings	These meetings would ensure access to the curriculum for disadvantaged learners with special educational needs.	3, 4, 5
	The research underpinning the Education Endowment Foundation's guidance report 'Special Educational Needs in Mainstream Schools' indicates	

that supporting high quality teaching improves outcomes for students with SEND. The Star High 5 (listed below), informed by EEF research, are particularly well evidenced as having a positive impact. Subject teachers will develop a repertoire of these strategies and use them as the starting point for classroom teaching for all students, including those who are disadvantaged and have SEND.

- **Know the child** Students are listened to, heard and understood.
- Plan creatively Group students flexibly to teach for specific needs and knowledge gaps.
- Clear and consistent language Give 'what to do' instructions and stamp learning.
- **Scaffold** Pre-teach and overlearn knowledge and vocabulary.
- **Know more, remember more** Increase checks on knowledge.

Total budgeted cost: £304,500

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

In 2023, exams returned to the rigour and standards of pre-pandemic levels with the removal of lenient marking and generous grading. In 2023, the school achieved the following outcomes with students from disadvantaged backgrounds (compared with 2023 outcomes nationally):

	National achievement 2023 for non- disadvantaged pupils	Achievement of disadvantaged pupils in school: 2023	Gap between achievement of disadvantaged pupils in school and non-disadvantaged pupils nationally
Progress 8	0.17	1.35	+1.18
Attainment 8	50.2	59.7	+9.5
9-4 in English and mathematics	73%	86%	+13%
9-5 in English and mathematics	52%	80%	+28%
Achieving 9-5 English Baccalaureate	20%	46%	+26%
EBacc Average Points Score	4.43	5.55	+1.12
Entered for English Baccalaureate	43%	94%	+51%

The Pupil Premium allows us to focus our resources more effectively on those students who are most likely to fail to achieve due to their socio-economic background.

In particular, this has led to the school achieving outstanding progress for its students who come from disadvantaged backgrounds.

- As a school more than 40% of our pupils are considered disadvantaged and in this
 classification Eden Girls' School, Waltham Forest is the 2nd best school in the country for
 results by students from disadvantaged backgrounds based on 2023 data.
- In 2023, 86% of disadvantaged students achieved 9-4 and 80% achieved 9-5 in English and Maths and they had a Progress 8 score of +1.35, which is +0.15 above the performance of the whole cohort at +1.20.
- In 2022, 92% of disadvantaged students achieved 9-4 and 69% achieved 9-5 in English and Maths and they had a Progress 8 score of +1.41, which is +0.22 above the performance of the whole cohort at +1.19 (note: 2022 grades were inflated as grade boundaries continued to remain lower and students were given topics lists by examining boards for exam content).

• In 2019, 82% of disadvantaged students achieved 9-4 and 59% achieved 9-5 in English and Maths and they had a Progress 8 score of +0.90, compared to the whole cohort at +1.19.

Eden is a high performing school, with high proportion of students achieving the English Baccalaureate at grade 9-5.

- In 2023, 46% of disadvantaged students achieved the English Baccalaureate which is +4% above the whole cohort at 42% and nationally 20% of disadvantaged students.
- In 2022, 37% of disadvantaged students achieved the English Baccalaureate compared to the whole cohort at 48% (note: 2022 grades were inflated as grade boundaries continued to remain lower and students were given topics lists by examining boards for exam content).
- In 2019, 21% of disadvantaged students achieved the English Baccalaureate compared to the whole cohort at 32%.

Externally provided programmes

Programme	Provider
Sparx Maths	Sparx
Reading Wise Intervention	ReadingWise
Languagenut (MFL)	Languagenut
Seneca Premium	Seneca

Further information

Our pupil premium strategy will be supplemented by additional activity that is not being funded by pupil premium or recovery premium. That will include:

- ensuring pupils understand our 'catch-up' plan by providing information about the support
 they will receive (including targeted interventions listed above), how the curriculum will be
 delivered, and what is expected of them. This will help to address concerns around learning
 loss one of the main drivers of pupil anxiety. In-school strategies include regular briefings,
 curriculum guidance events for parents and pupils, revision guidance events and booklets and
 use of virtual learning platforms to continue dialogue with learners beyond the school day.
- utilising support from our local <u>Mental Health Support Team</u> and mentoring of learners with emotional and behavioural needs will support pupils with mild to moderate mental health and wellbeing issues, many of whom are disadvantaged.
- offering a wide range of high-quality extracurricular activities to boost wellbeing, behaviour, attendance, and aspiration. Activities (e.g. The Duke of Edinburgh's Award, National Citizens Service, Star Citizen Award) will focus on building life skills such as confidence, resilience, and socialising. Disadvantaged pupils will be encouraged and supported to participate.
